

## **Truly 5 Star and luxury at its Las Vegas best!**

The Fountain Hotel, Las Vegas, USA

First thing noticed, Foyer = WOW! This place is a cut above the rest. Spotless common areas. Deluxe Room = luxurious, plush bedding, massive bathroom . \$445 for 2 nights (3 adults). The pool area is out of this world, very luxurious, u feel like a celebrity! Free fresh towels (x2) every day and a few big hot jacuzzis. Now onto the real highlight of this place, the buffet! £30 for all you can eat, and this place is OUT OF THIS WORLD! All the meats and sides you can think of for every international cuisine, fresh made sushi, crab legs, veal, sea bass, venison, poke (hawaiian raw fish delicacy), millions of desserts, free unlimited soft drinks. This is a truly hidden gem (and very good value for money) recommended to me by a friend! It doesn't stop there as there is also an unlimited breakfast buffet which is just as amazing. Everything you can think of for a great (and filling) start to the day! Go direct to website and check for a good deal before booking. Great casino, u will get free drinks but don't get shouted at for not giving a good tip!! haha.
