

Nice hotel not over the top just enough

The Volcano Hotel, Las Vegas, USA

We really enjoyed our stay at this hotel. Rooms were nice, clean, and had all the ammenities we expected. The casino wasn't as nice as The Fountain Hotel but the rooms were much less expensive. Great holel for wandering to other hotels, walking to shops, getting out quick for a show. Very friendly check-in and check-out, bell staff was helpful when checking bags after we checked out.
