

Very nice rooms and an excellent location

The Volcano Hotel, Las Vegas, USA

11/18/2018

I stayed at this hotel for four nights with two friends at the end of September. We arrived at noon and checked in right away. The rooms were very clean and spacious. Our floor with very quiet also. The pool was awesome, but it fills up quickly. You can't beat the location of this hotel. There is a free tram to The Pirate Hotel and the Canal Hotel is directly across the street. The Roman Hotel is also very accessible. Be sure to check out the volcano eruption outside at night. It was awesome!
