

Excellent Location Comfortable and Friendly Hotel

The Grand Central Hotel, New York, USA

10/14/2018

A perfect hotel for a girls shopping trip to the Big Apple. Located a short walk from Macys and a few blocks from the subway at Grand Central Station with the express trains to Uptown and Downtown Manhattan. The rooms were a good size (by New York standards) with comfortable beds. The staff were friendly and helpful and check-in/check-out was quick and straightforward. The rate was excellent and included a more than adequate buffet style breakfast. I would happily stay at this hotel again.
