

Great stay - yet again

The Buckingham Hotel, London, UK

Another great stay in this terrific property. Staff friendly and efficient as ever. Was upgraded to a deluxe one bedroom suite after a booking mix-up. The suite had an eat in kitchen with a view of Buckingham Palace, living room, huge bathroom and smallish but charming and luxurious bedroom. Option of turning on the air-conditioning or opening the windows to enjoy some London summer very welcome. I really love this apartment/hotel. It is a bit of five star comfort in the best location, close to the sights, Westminster and the tube. For a woman travelling alone on business it is also a safe home away from home.
