

Great hotel

The City Hotel, London, UK

Stayed here for 3 nights in August and loved it. After a minor hiccup checking in the room turned out to be fantastic, staff great and very clean all round. The location is great with easy access to Tower Hill Station, the Tower of London and the Tower Bridge, but it's a fair way from the rest of the touristy areas. Use the tube and this is a great place to base yourself when visiting London. Great service.... great hotel.
